

# Congratulations to Our School Board Members

**Recognizing those school board members** who reached Level 5 of the Member Recognition Program

Each year, through the Member Recognition Program, the WASB honors school board members who participate in activities that strengthen their skills as local educational leaders.

Board members are awarded points for participating in WASB and NSBA (National School Boards Association) activities such as attending conventions, workshops, seminars, and webinars or serving on special committees.

Each August, the WASB sends out a report to board members that reflect WASB programs attended for that year and the total accumulated points. Qualifying board members receive recognition pins and certificates.

Below are the school board members who achieved Level 5 of the Member Recognition Program. This is the top level that a school board member can achieve and requires a tremendous commitment on behalf of the school board member. Congratulations!

## 2015 WASB MEMBER RECOGNITION PROGRAM - LEVEL 5

### REGION 2
