

# Showcase Students at the Joint State Education Convention

## Convention Student Video Team

January 22-24, 2020  
Milwaukee • Wisconsin Center

The Wisconsin Association of School Boards (WASB) is seeking a team of two or more talented students to produce a video that highlights some of the exciting events, sessions and performances at the 99th State Education Convention in Milwaukee, Jan. 22-24, 2020.

### Taping the Convention

The convention is attended by school board members, superintendents, administrators, educators and other public education stakeholders from across Wisconsin. The WASB will give students and a teacher adviser full access to the convention.

The student team is responsible for providing their own equipment and should capture highlights from at least one full convention day. (The convention ends on Friday, Jan. 24 at noon and the exhibit hall is not open that day so the video team should plan to attend on Wednesday, Jan. 22 and/or Thursday, Jan. 23 to capture the full convention experience.)

### The Video

The final video should be approximately seven minutes in length. Shooting, producing and editing the video will be the responsibility of the student team. Footage should include a variety of convention events, including: coverage of a general session, convention sessions, the exhibit hall and interviews with convention attendees and speakers.

The finished video will be due February 14, 2020. The video will be proudly displayed on the WASB website and used in convention promotions. The WASB is excited to see what students produce!

### To Apply

Complete the simple application form on the next page and mail or email it to the WASB (directions on the next page) by Nov. 8, 2019.

Questions? Contact WASB Director of Communications Sheri Krause at 608-512-1705 or [skrause@wasb.org](mailto:skrause@wasb.org).
